Program Services	\$ 14,626,715
Administration	\$ 1,934,274
Development	\$ 215,735
Total Expenses	\$ 16,776,724

Providing Inclusive Experiences

Together Including Every Student (TIES) has provided students with an increased opportunity to participate, authentically, in a wide variety of school and community-based activities with peer support. Personal interests and talents are celebrated, self-efficacy and independence strengthened, and relationships developed which may not have otherwise been formed. All students -- participants and volunteers, alike -- have benefited tremendously from this program, learning a great deal about themselves and from one another."

Dr. Anna Cieri

Former Assistant Superintendent for Exceptional Education and Student Services, Williamsville Central School District

Adding Equitable Opportunities

We recommend every single family in our programs to Starbridge. Starbridge is a NEEDED program in our local communities. It promotes Inclusion, Community, Communication, and Education to families. We have partnered with Starbridge to do a training at our facility for families as well as events in the community. Not only are we proud to partner with Starbridge, I am proud to attend these events in my off time with my own child (who rocks Autism) and family. We love these events and the comradery we get with the other families attending! We have all bonded and look forward to the time together at each event! Starbridge and their staff are wonderful educators and do a fantastic job in the community with the events."

Elida Green

InTandem, ARDC Supervisor

Empowering Families Through Advocacy

One of things that was awesome working with Starbridge and the staff is that PLTI and Starbridge missions really align together. Collaboration allows us to learn from each other, learn more about the other organization. I was really enlightened to find out more about Starbridge. I enjoyed working with Starbridge staff and it was great to see their drive and their passion. I think it's important that the community sees that organizations like us are working together."

Luva Alvarez

Greater Rochester PLTI Interim Director

Breaking Down System Barriers

Our partnership with Starbridge on the 'Deconstructing Ableism' event continues to have an impact well beyond the night itself. Producing this as a hybrid event allowed us to practice what we preach about accessibility and provide a wider platform for this important community conversation. Through the PBS app and YouTube, the panel discussion portion can be viewed on-demand by anyone, anywhere. Attendance and audience feedback have shown that there is a strong interest in continuing this conversation. We look forward to continuing our partnership with Starbridge!"

Sarah Murphy Abbamonte

Project Manager, Move to Include™
